GN Making Life Sound Better

Introducing ReSound ONE

Just like a fingerprint, each person's hearing is ONE of a kind. This is because nature has designed the shape of your ear to perfectly capture the sounds around you.

ReSound ONE™ with M&RIE (Microphone and Receiver-in-Ear) delivers a new class* of hearing aid with an additional microphone inside your ear, allowing the unique shape of your ear to collect sounds, just as nature intended.

Add convenient direct audio streaming, access to remote hearing care services, and industry-leading battery life, ReSound ONE truly keeps you connected to people and technology you need to become ONE with your world.

ReSound ONE provides you with a more complete and individualized sound experience with:

A MORE NATURAL SOUND AND IMPROVED SENSE OF SPACE

ReSound ONE with M&RIE is the first hearing aid* with three microphones, including one in the ear, to use your ear's natural ability to collect the information your brain needs to make sense of sound.

EASIER-TO-FOLLOW CONVERSATIONS IN DYNAMIC ENVIRONMENTS

All Access Directionality gives you access to all the sounds around you, putting you in charge of which sounds you want to focus on - not your hearing aids.

BEST 1:1 SPEECH UNDERSTANDING

Like an invisible beam of sound detection, Ultra Focus lets you decide when to concentrate on the speech in front of you while minimizing background noise - even in the toughest environments.

*Microphone in ear and two standard directional microphones, directionality features, wireless audio streaming.

Unmatched connectivity to adapt to your needs

ReSound ONE adapts to your lifestyle connecting you to the world around you with direct audio streaming from both iOS® and Android™ devices. So your favorite audio book, music or even GPS directions can stream directly to your hearing aids without an intermediary device.

One-tap sound adjustments on your ReSound Smart 3D™ app and a versatile range of wireless accessories give you even more options to connect to the sounds you enjoy every day, like your favorite TV program.

More connections for better care

ReSound ONE includes access to ReSound Assist, so you can receive hearing care in the most convenient way.

FACE-TO-FACE ONLINE HEARING CARE

ReSound Assist Live Assistance makes it possible to have face-to-face fitting sessions from the comfort of your home. Simply answer the incoming video call from your hearing care professional and get real-time fine-tuning adjustments.

REMOTE FINE-TUNING ANYTIME

ReSound Assist Remote Fine-Tuning allows you to send requests for additional adjustments anytime through the ReSound Smart 3D app. Updates will be sent to you to download at your convenience - without the need for an office visit.

Designed for ultimate comfort, discretion and performance

Built for ultimate comfort and adaptability, the modern styling of ReSound ONE has just one touchpoint on the back of the ear and sits lower for greater discretion. Available in three models, ReSound ONE comes in a variety of colors to blend with hair and skin tones, so you can wear ReSound ONE with confidence.

INDUSTRY-LEADING RECHARGEABILITY

ReSound ONE offers the best rechargeable battery life in the industry with up to 30 hours* of battery life or 25 hours with the ability to stream as much as you want.

For added flexibility, two different charger options serve as stylish, portable and protective cases, ideal for traveling and storage. Choose the Premium Charger with an onboard battery for up to three days of quick charging on the go, without the need for a power outlet, or the smaller Standard Charger that gives you at-home charging capabilities you need in a small elegant design.

*Expected battery life dependent on active features, the use of wireless accessories, hearing loss, device age and sound environment.

At ReSound we believe life is best when it's a natural, effortless flow, so we take to heart anything that holds you back. This is why we have devoted the past 150 years to making life sound better, connecting you to a life without limitations. Our breakthrough innovations, inspired by our Organic Hearing philosophy, all have one core ingredient – you, because hearing and hearing care should be as individual as a fingerprint.

ReSound is part of the GN Group – pioneering great sound from world-leading ReSound hearing aids to Jabra office headsets and sports headphones. The GN Group was founded in 1869, employs over 5,000 people, and is listed on NASDAQ OMX Copenhagen.

ReSound LiNX Quattro™

Confidence in the finer details

ReSound GN

.....

GN Making Life Sound Better

A hearing experience beyond compare

Our newest complete family of premium hearing aids is beyond compare with richer sound quality, a full spectrum of streaming, support and personalization with ReSound Assist and the world's most advanced rechargeable solution.

Right down to the finer details, ReSound LiNX Quattro offers you a brilliant experience with layers of sound - and inspires confidence in the moments that matter most.

* Actual size

ReSound LiNX Quattro™

Brilliant sound experience

CLEARER SOUNDS

Built on years of innovation, ReSound LiNX Quattro utilizes the full microphone range allowing sound to be processed in a cleaner way - free of distortion.

+

FULLER SOUNDS

There are virtually no limits to your sound experience as ReSound LiNX Quattro provides you with a larger range of sounds and access to nuances in tones that were previously unavailable to you.

=

RICHER EXPERIENCE

With improved clarity and access to more sounds, coupled with a stronger signal between your hearing aids, your favorite environments become richer with ReSound LiNX Quattro.

ReSound LiNX Quattro is preferred 95% of the time for music listening, compared to other premium hearing aids.*

- ReSound LiNX Quattro
- Other premium MFi hearing aids

* Jespersen et al, 2018.

Unrivaled full spectrum of streaming

ReSound LiNX Quattro provides you with an exceptional streaming experience from almost any audio source. And with increased power, we have virtually eliminated any lag time when streaming directly into the hearing aids or through a ReSound wireless accessory.

When streaming directly from an iPhone, listeners preferred the sound quality with ReSound LiNX Quattro at least 64% of the time.*

- ReSound LiNX Quattro
- All other premium hearing aids

Find out more about the streaming experience and the full compatibility list of smartphones at resound.com

Optimize anytime, anywhere with the ReSound Smart 3D app

ReSound LiNX Quattro hearing aids automatically adjust to your environment, but you can personalize the details of your hearing experience even further. With everything you need for discreet and quick adjustments, you are in control of how you experience the sounds around you.

With ReSound Smart 3D app, you will have access to:

- Additional sound enhancements
- Save Favorites and Geotag locations
- Find My Hearing Aids functionality
- Quick buttons for one-tap adjustments

ReSound Assist

Support and personalization

FACE-TO-FACE ONLINE HEARING CARE

ReSound Assist Live makes it possible to have face-to-face fitting sessions from the comfort of your home. Simply answer the incoming call from your hearing care professional and get fine-tuning adjustments made live during your appointment.

REMOTE HEARING CARE

ReSound Assist remote fine-tuning also allows you to send requests for additional adjustments anytime through the ReSound Smart 3D app. Updates will be sent straight from your hearing care professional for you to download - without an office visit.

Find out more about ReSound Assist at
resound.com

The world's most advanced rechargeable solution

ReSound LiNX Quattro now introduces the most advanced rechargeable hearing aid – with a lithium-ion battery that is completely sealed for protection. With its small, discreet size and long-lasting battery, you get power that lasts more than a full day – without having to fiddle with any batteries.

Battery status is easy to monitor with the ReSound Smart 3D app and the LED lights on the charging case indicate the power status for both your hearing aids and the charger.

FULL CONFIDENCE WITH A COMPLETE CHARGE

At night, simply place your hearing aids in the inductive, easy-to-use charging case to prepare for the next day. If you do forget to charge, the case's built in battery holds three full charges of power, giving you the freedom to charge anywhere.

CHARGING TIME	HOURS OF BATTERY LIFE
3 hours =	30 24 with 50% streaming time
1 hour =	16
30 minutes =	8

ReSound GN
.....

Meet the key to better hearing

Introducing ReSound Key™, hearing aids designed to work comfortably and reliably with your own ears for truly great hearing. ReSound Key gives you the confidence and guidance you need to hear and enjoy every day.

LOOK FORWARD TO

Hearing sounds clearly with less effort

A hearing aid style for everyone

Direct streaming from compatible Apple® and Android™ smart devices

One easy app for individualizing your hearing aid settings for any experience

Wireless accessories and hearing care from the comfort of your home

True clarity

Fully join in conversations with the clear sound quality of ReSound Key. Built on our Organic Hearing philosophy, our technology works to emulate the natural hearing experience as closely as possible.

BETTER HEARING ALL AROUND

Our tested and proven technology inside every pair of ReSound Key supports better listening in noise by enabling both your ears to work together. You can focus on important sounds while still monitoring what is happening around you.

With ReSound Key, your hearing will feel more natural with less listening effort, making you feel more comfortable wherever life takes you.

Guidance all the way

We have specially developed ReSound Key with your daily needs in mind.

INDIVIDUALIZE YOUR EXPERIENCES

Our intuitive, easy-to-use ReSound Smart 3D™ app is designed for Apple and Android smart devices and provides convenient adjustments on the go.

- Control volume and background noise, as well as speech and sound programs
- Find your hearing aids if you misplace them
- Check the rechargeable battery power level

GET HEARING CARE ANYTIME

Stay in touch with your hearing care professional with ReSound Assist remote hearing care options.

- Get updates to your hearing aids sent straight to your smart device as a simple download
- Have live video consultations for support, counselling, hearing assessments and adjustments

A solution that grows with you

ReSound Key allows you to live your life, communicate and connect with people and the world the way you want.

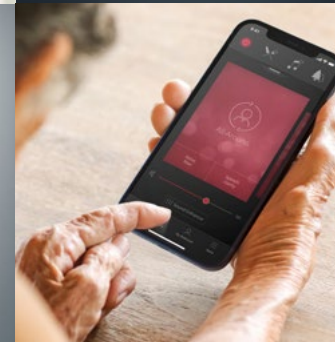

STREAMING GREAT SOUND FROM SMART DEVICES

Hear calls, music, podcasts, audiobooks, and your navigation app sound streamed directly to your ReSound Key hearing aids.

HELPFUL WIRELESS ACCESSORIES

Our suite of wireless accessories gives you an extra hearing boost in challenging situations and extends the sound experience.

- Connect to your TV, PC and stereo and stream the audio to your hearing aids
- Hear speech directly in your ears without any added background noise
- Stream phone calls
- Have the TV volume at your preferred level without disturbing others

At ReSound we believe life is best when it's a natural, effortless flow, so we take to heart anything that holds you back. This is why we have devoted the past 150 years to making life sound better, connecting you to a life without limitations. Our breakthrough innovations, inspired by our Organic Hearing philosophy, all have one core ingredient – you, because hearing and hearing care should be as individual as a fingerprint.
